TEACHING EXPERIENCE

CNS 684: Problems

This course is designed for advanced students who want to work on special problems in the student's program of study according to individual needs. Staff supervision should be arranged prior to enrollment. Approval of instructor is required.

Summer 2011

CNS 671: Multicultural Counseling

The purpose of this course is to focus on the role that cultural environment plays in the lives of people and the implications of that role for the helping professions and the helping process. There will be an overview of the different micro-cultures to which individuals belong and the implications for the delivery of counseling services. It is expected that the counseling student will learn how to use the concept of pluralism in the provision of counseling services to multicultural individuals and populations.

Spring 2016, 2015, 2013, 2012, 2011, & 2010; Summer 2015, 2014, 2013, 2012, & 2011

CNS 635: Human Development

A detailed study of the life-span development of the individual in terms of human growth and development, foundations and dynamics of human behavior, and personality, and learning theories and their application.

Fall 2014; Spring 2014 & 2011; Summer 2015, 2014, 2013, & 2012

CNS 624: Theories of Counseling

Critical analysis and evaluation of leading theories of counseling and their implications for practice.

Fall 2014, 2013, 2012, 2011, & 2010

GUI 100: Self Development & Career Exploration

A study of decision-making as it relates to the student's life experiences. In-class activities teach the concepts of decision-making, time management, career planning, assertiveness and communication skills.

Fall 2015

Courses Taught at University of Central Florida**MHS 6803: Practicum in Counselor Education**

Supervised counseling emphasizing competence in individual counseling, working with groups, tests in educational-career-personal counseling.

Fall 2007; Spring 2008

MHS 6500: Group Procedures and Theories of Counseling

This course is designed to give the student an understanding of the role of theories within group

MHS 6450: Addictions Counseling

This course is an entry-level graduate course that provides counselors and other human service workers with an overview of the addictive process. Theories of addiction counseling and application of these theories will comprise a significant part of this course, particularly with how they apply to work with individuals, couples, families, and groups. Co-occurring disorders, such as process addictions and mental illnesses will also be addressed. Students will develop conceptual knowledge, practical skills, and self-awareness concerning the etiology of addiction, assessment strategies (including the use of wraparound assessment and intervention services), wellness strategies for facilitating optimal development and preventing clinician burn-out, and diagnosis and treatment planning. This will be accomplished through assigned readings, seminar discussions, videotapes, lectures, case presentations, guest speakers, and student assignments.

Summer 2008

MHS 6421: Foundations of Play Therapy and Play Process

Theories and application of the principles fo play in the counseling process with children.

Summer 2008

MHS 6401: Techniques of Counseling

The nature of counseling and its relationships to theoretical concepts.

Fall 2007

Invited Guest Lecturer

Spring 2009

MHS 6450

Addictions Counseling

The Intervention/Confrontation Model
